

New Hampshire Department of Health and Human Services
Conducting the New Hampshire Public Mental Health Consumer Survey

OFFICIAL RESPONSES TO VENDOR QUESTIONS
RFP# 16-DHHS-DCBCS-BBH-04

No.	Question	Answer
1.	For each contract year is it correct that the dates are approximately for year one Nov 1, 2015 to Oct 31, 2016 and year TWO from Nov 1, 2016 to December 31, 2017?	<p>Correcting Response to Question #4 from the Official Responses to Vendor Questions published September 1, 2015.</p> <p>See RFP Section 1.4. for the anticipated contract period resulting from this RFP.</p> <p>Year 1 is to complete one Consumer Survey for calendar year 2016. It is anticipated that work will begin November 1, 2015 or date of Governor and Executive Council approval, whichever is later through December 2016.</p> <p>Year 2 is to complete one Consumer Survey for calendar year 2017. It is anticipated that work will begin October 1, 2016 through December 31, 2017.</p>
2.	The resources available were \$75,000 per target group per year. Does that mean the maximum for any one target group is \$75,000 or does that mean the maximum for one year is \$225,000 and costs may be distributed across the three target groups however is desired?	<p>The available funding is not per target or population group, per year.</p> <p>See Addendum #2.</p>
3.	In the addendum you gave sizes of the adult population and youth population for each CMHC, but then said that the Family group (size) will be similar to Youth. From last year's work it seems like the total for Youth receiving services was over 6,000 while family totals were about 2400. Which is closer for the Family population...2400 or 6,000?	<p>See Addendum #2.</p>
